

Reem Yaseen AL-Humaidan

Lecturer, Imam Abdulrahman University- CBA

Management Information Systems Dept.

Software Engineer, Southern Methodist Uni. Alumna

D.O.B: July 29, 1984

Place of Birth: Al-Dammam

Religion: Islam

Permanent Address: P.O.Box 3498 Dammam 31471

Sex: Female

Nationality: Saudi

E-mail Address: ralhumaidan@iau.edu.sa

Phone #: +966568132269

URL: [linkedin.com/in/reem-alhumaidan-69b18976](https://www.linkedin.com/in/reem-alhumaidan-69b18976)

Career Objective

To work with a well reputed and dynamic organization, as a useful member where I may get a decent chance to get professional experience and excellence by achieving organization goals. Seeking long term career with optimum growth.

Mission

I have a strong scientific urge to work towards advancing and improving the local software industry by learning how to build new kernel modules and the kernel that could be used to simulate and complete the original existed kernels like Linux kernel. Furthermore, I would like to implement my former graduation project (Reconnect Saudi health databases using Net-Centric/ Service-Oriented Architecture theories) in a real world scenario and analyze its efficacy. Furthermore, I want to be a pioneer in providing net-centric services for different domains (e-commerce, e-health etc.)

Education
