DETAILS OF PRESENT POST AND NATURE OF WORK:

I am presently working as a full time consultant surgeon in 3 small hospitals(called clinics locally).I run outpatients clinics ,have regular operative sessions of major general surgery cases but with a high number of gastrointestinal ,laparoscopic and paediatric surgery cases.

I treat a wide variety of abdominal and gastrointestinal medical conditions like chronic diarrhea,Crohn disease,ulcerative colitis,irritable bowel syndrome, Helicobacter pylori infection etc.

I treat a wide variety of abdominal /gastrointestinal emergencies in my day-to-day practice.

I have daily morning sessions of gastroscopies,total colonoscopies,cystoscopies for cases referred from physicians,surgeons,cardiologists,gynaecologists and G.Ps.

I am also involved in teaching junior medical staff/nurses in training and visiting medical students on elective terms from overseas medical institutions.
