2. Activities:

- Supported implementation of the Pandemic Response Program (PRP) and the development and implementation of the United States Africa Command's Disaster Preparedness Program (DPP) that was designed to enhance the capacity of twenty-two African Partner Nations (PNs) to mitigate, prepare for and respond to pandemics and all hazards disasters and to develop sustainable long-term relationships on the African continent that enhance African capacity to respond to all phases of the disaster management cycle challenges in the avian influenza/pandemic influenza response & contingency planning.

- Conducted several dozen Tabletop Exercises utilizing various DoD agencies to provide a venue to collaborate with partner nations in the baseline review and advancement of countries national and regional plans on the continent of Africa in the event of a complex emergency related to a pandemic.

- Implemented the West Africa Disaster Preparedness Initiative (WADPI) which is supported by USAFRICOM Operation United Assistance Disaster Preparedness Project (OUA). WADPI aims to strengthen national capacities among 17 West African Partner Nations (PNs) to better implement a whole-of government, all-hazards approach to disaster preparedness and response management by building upon lessons learned from the recent Ebola crisis across West Africa.
