UX Design Experience (10/2016-)

- **SmartBug Media:** Conducted user interviews, produced: personas, content audit, sitemaps, and wire frames.
- **Savepoint.launchrock.com:** Developed personas, analyzed competition.
- **EthosWell.com:** Conducted user interview, analyzed competition.
- **Pavlok.com:** Re-designed Chrome extension. Completed full UX process from research to wire framing and prototype testing. Final product was drop-down window as quick access point. Added hi-fi prototype of a walkthrough.
- **Crush It!:** Built a native mobile app. Completed full UX process from research to wire framing and prototype testing. Final app gives users ability to train alone and social forum.
- **Muji.us:** With team, redesigned website. Smoothed out language and cultural barriers by re-categorization. Created RWD layout.
- **RustyZipper.com:** Completed full UX process from research to wire framing and prototype testing. Condensed and streamlined IA and navigation. Updated aesthetic.
