### III. Pricing Transparency

Any additional types of costs that an EP, EH, or CAH would pay to implement the Complete EHR's or EHR Module's capabilities in order to attempt to meet meaningful use objectives and measures. Examples of providing this information are: vendors can choose to include this information on all marketing material, communication statements, and any other assertions related to the Certified EHR, or vendors can choose to publish this information on their website and point to their website for this information.

Note: EHR technology self-developers are excluded from this requirement.

### IV. Public Test Report

Vendor's Marketing Material must point to the public version of the EHR test report. This can be done by providing a hyperlink to InfoGard's website ([http://infogard.com/healthcare\\_it/onc\\_certification/ehr\\_certificates](http://infogard.com/healthcare_it/onc_certification/ehr_certificates)) or by requesting the test report from InfoGard and then making it accessible to the public.
